

SOCIETATEA NEUROLOGILOR DIN REPUBLICA MOLDOVA

EAN Regional Teaching Course

(Curs Educațional Regional Academia Europeană de Neurologie)

25-27 Aprilie, 2024

Locație: Sala de conferință, Mi Piace,
Str. Trandafirilor 4, Chișinău

PROGRAM

Day 1: *Multiple Sclerosis and related diseases* (25 April 2024)

09:00 - 09:30 Opening

- Academician Stanislav Groppa, MD, PhD, president SNM
- Minister of Health Representative
- EAN president video message – prof. Paul Boon
- Prof. T. Berger - Brain Health (10 min)

09:30 - 10:15 Diagnosing MS: current guidelines and clinical practice - *Prof. Rodica Balasa, Romania*

10:20 - 11:05 Update on NMOSD (Neuromyelitis Optica spectrum disorders) - *Prof. Thomas Berger, Austria*

11:05 - 11:20 Coffee break

11:20 - 12:05 Imaging and management algorithms in MS - *Prof. Tjalf Ziemssen, Germany*

12:10 - 12:55 Aggressive forms of Multiple Sclerosis - *Prof. Vitalie Lisnic, Republic of Moldova*

13:00 – 14:00 Lunch break

14:00 – 17:20 Interactive workshops

14:00 - 15:00 Differential diagnosis of MS (mimics and chameleons) - *Prof. Rodica Balasa, Romania*

15:10 - 16:10 Liquid and digital biomarkers - *Prof. Tjalf Ziemssen, Germany*

16:20 - 17:20 Starting, switching and stopping MS therapies - *Prof. Thomas Berger, Austria*

18.00 – 20.00 Social Programme with welcome reception

Day 2: *Autoimmune Encephalitis and related diseases* (26 April 2024)

- 09:00 - 09:45 Basic clinical introduction to autoimmune encephalitis - *Dr. Bryan Ceronie, UK*
- 09:50 - 10:35 Autoimmune Encephalitis: diagnosis and treatment - *Prof. Maarten Titulaer, The Netherlands*
- 10:35 - 10:50 Coffee break
- 10:50 - 11:35 Neuropathological aspects and work – up in antibody – mediated encephalitis - *Prof. Romana Höftberger, Austria*
- 11:40 - 12:25 Autoimmune epilepsy syndromes - *Acad. Stanislav Groppa, Republic of Moldova*
- 12:30 - 13:00 New info on possibilities for Neurologists in Training & grants - *Dr. Maria Dumanscaia, Republic of Moldova*
- 13:00 – 14:00 Lunch break
- 14:00 – 17:20 Interactive workshops
- 14:00 - 15:00 How to pick up specific patterns of autoimmune encephalitis based on the clinical phenotype and imaging findings - *Dr. Bryan Ceronie, UK*
- 15:10 - 16:10 When to suspect AIE and what we can learn from the neuroimmunological mechanisms? - *Prof. Maarten Titulaer, The Netherlands*
- 16:20 - 17:20 What the neurologist needs to know in choosing the right assay for autoantibody testing - *Prof. Romana Höftberger, Austria*
- Evening is free/spare time for participants

Day 3: *Neuromuscular and peripheral nervous system diseases* (27 April 2024)

- 09:00 - 09:45 Update on the care management of CIDP - *Prof. Yann Pereon, France*
- 09:50 - 10:35 Autoimmune autonomic ganglionopathy - *Prof. Walter Struhal, Austria*
- 10:35 - 10:50 Coffee break
- 10:50 - 11:35 Update on autoimmune movement disorders - *Prof. Cristian Falup-Pecurariu, Romania*
- 11:40 - 12:25 Update on Myasthenia Gravis management - *Prof. Mihail Gavriiuc, Republic of Moldova*
- 12:30-13:30 Lunch break
- 14:00-15:00 Exam
- 15:15 Closing ceremony (hand out of certificates)
